

SATL Automotive Aftersales Summit 18.11.2021

The Association of Automotive Technical Societies in Finland (SATL) organizes annually a summit, that gathers the professionals of automotive aftersales operations, industry and education together in Helsinki for one day.

In 2021, the biggest summit in Finland focused purely to the topics of aftersales will be held as hybrid conference – both online and in person (subject to COVID-19) . The event program includes around 10 speaking turns, held by the top professionals from the field of automotive aftersales. The more specific program will be launched later this year.

If you are interested in attending, lecturing or co-operating relating to the SATL Automotive Aftersales Summit, please contact us:
